

Journal Sequence for Odoo

Develop by - Icon TechSoft Pvt. Ltd.

Features

To set sequence for journals go to, Invoicing/Accounting -> Configuration -> Journals as shown in below image:

The screenshot shows the Odoo Invoicing interface. The top navigation bar includes 'Invoicing', 'Customers', 'Vendors', 'Reporting', and 'Configuration'. The 'Invoicing' menu is open, and 'Journals' is highlighted. The main area displays 'Company Data', 'Invoice Layout', and 'Create Invoice' sections. A table of invoices is visible at the bottom.

Number	Customer	Invoice Date
INV/2023/08/0003	Deco Addict	08/08/2023
INV/2023/08/0002	Deco Addict	08/08/2023
INV/2023/08/0001	Azure Interior	08/01/2023
INV/2023/07/0001	Deco Addict	07/30/2023

Next Activity	Tax Excluded	Total	Status	Payment Status
Follow-up on payment	\$ 125,000.00	\$ 143,750.00	Posted	Not Paid
Call	\$ 147,500.00	\$ 169,625.00	Posted	Not Paid
Include upsell	\$ 317,500.00	\$ 365,125.00	Posted	Not Paid
	\$ 317,500.00	\$ 365,125.00	Posted	Not Paid
	907,500.00	1,043,625.00		

>> Set sequence for Sales journal:

-- To set sequence for already created journals click on 'Set Sequence' button as shown in below image:

The screenshot shows the Odoo Invoicing interface. The top navigation bar includes 'Invoicing', 'Customers', 'Vendors', 'Reporting', and 'Configuration'. The user is logged in as 'Mitchell Admin (odoo_journal_sequence_v14)'. The main heading is 'Journals / Customer Invoices'. Below this, there are buttons for 'Edit', 'Create', and 'Action'. The 'Type' is set to 'Sales'. The 'Sequence' tab is selected, showing the 'Next Number' as 1. The 'Entry Sequence' button is highlighted with a red box. The 'Refund Sequence' section shows 'Credit Notes Next Number' as 1 and 'Credit Notes Entry Sequence'.

Customer Invoices	
Type	Sales
Journal Entries Advanced Settings Sequence	
Sequence

>> Set sequence for Purchase journal:

-- You can use any journal type like sales, purchase, miscellaneous, cash and bank, and also set custom sequence for it.

-- You can use and set vendor bills sequence using a “purchase journal” type

The screenshot shows the 'Vendor Bills' configuration page in the Odoo Invoicing module. The 'Type' is set to 'Purchase'. The 'Sequence' tab is active, showing the 'Next Number' as 1 and the 'Entry Sequence' as 'BILL: Sequence'. The 'Refund Sequence' tab is also visible, showing the 'Credit Notes Next Number' as 1 and the 'Credit Notes Entry Sequence' as 'BILL: Refund Sequence'. The interface includes a top navigation bar with 'Invoicing', 'Customers', 'Vendors', 'Reporting', and 'Configuration'. The user is logged in as 'Mitchell Admin (odoo_journal_sequence_v14)'.

-- Sequences for purchase journal type

The screenshot shows the 'BILL: Sequence' configuration page in the Odoo Invoicing module. The 'Name' is 'BILL: Sequence' and the 'Implementation' is 'Standard'. The 'Sequence Code' is empty and the 'Active' toggle is turned on. The 'Sequence' tab is active, showing the 'Prefix' as '%(day)s/%(month)s/%(year)s/' and the 'Suffix' as '/PBILL'. The 'Sequence Size' is set to 4, with a red arrow pointing to it and the text 'I use sequence size 4'. The 'Step' is set to 1. The 'Use subsequences per date_range' checkbox is checked. The 'From' date is '01/01/2023' and the 'To' date is '12/31/2023'. The 'Next Number' is 1. The interface includes a top navigation bar with 'Invoicing', 'Customers', 'Vendors', 'Reporting', and 'Configuration'. The user is logged in as 'Mitchell Admin (odoo_journal_sequence_v14)'.

-- Let's check sequence for purchase journal type for that go to, Invoice > Vendor > Bills as show in below image:

The screenshot shows the Odoo Invoicing interface. The 'Invoicing' menu is highlighted in the top bar. Below it, the 'Bills' menu is also highlighted, showing a dropdown with options: Refunds, Payments, Products, and Vendors. The main area displays three cards: 'Company Data', 'Invoice Layout', and 'Create Invoice'. Below these cards is a table of invoices.

☐	Number	Customer	Invoice Date	Due Date	Next Activity	Tax Excluded	Total	Status	Payment Status
